There is no special procedure you have to implement to display your company's desire to participate in the solicitation process; your company should submit their proposal prior to the submittal date and time of January 07, 2013 and 10:00 am.
- 2- What information is to be inputted to block 12 of the SF1449 form on Discount terms? Block 12 of the SF 1449 provides a place for the offeror to type their proposed discount for prompt payment.
